

# Sodium Nitrite

Chemical formula:  $\text{NaNO}_2$

## Technical Data

Appearance	Impurity-free white crystals with yellow or gray shade
Sodium Nitrite, ( $\text{NaNO}_2$ ), %, min	98.5
Sodium Nitrate, ( $\text{NaNO}_3$ ) %, min	1.0
Moisture content, %, max	1.4
Insolubles, %, max	0.03
Chlorides in terms of NaCl, %, max	0.17

Recommended use: Initiator in Industrial explosives and density reducing agent.

Packaging: 50 kg Bags palletized.

Storage: Keep packed product in dry ventilated facilities away from open fire.
